“The Harvester” April, 2006

*Sarah Ndulu Mulai came to Bungoma Bible School from Word of Life Church in Taita Taveta, Kenya*

*Praise God!! I must testify about my love for Bungoma Bible School (BBS). Since I joined BBS I have passed through many challenges of life and ministry.*

*Before I came to BBS God called me. He told me that; “I have called you the way you are. You go to the world, and preach the good news to the lost sheep.” I didn’t take Him seriously so I preached for the sake of pleasing my pastor because he said that it is the time to win souls.*

*I thought going to BBS was like going to any other school. I did not know that God was preparing and equipping me for the work of the ministry. Suddenly, the very first term, our teacher came in and taught us how to obey the voice of God, how to be sensitive in spirit and I started seeing what God has kept for me through His Word. I did not know what God planned for me. I stopped seeing where I was standing and I started seeing far away nations coming to Christ without the wisdom of man. While I was thinking about this, God told me that I have brought you to BBS because this is a divine connection. You are not here in vain. I have called you. I have chosen you to be here at this time. I will show you great things that you don’t know. I confirmed all this in Jeremiah 29:11-14.*

*I was wounded in my spirit when I came here and I had said that I couldn’t stand before people and preach. God spoke to my teachers and they prayed for me. God healed my soul through his servants and now I am free indeed. They prophesied into my life, and every word that was spoken is now happening. Glory to God, the manifestation of His Word is sure.*

*BBS has helped me a lot towards my destiny. The English language was like Greek to me because it was not taught in the standard education I had received but God intervened. Suddenly He did something unbelievable; He renewed my mind and I was able to learn English.*

*But the most important thing that happened to me when I came to BBS is that my call was stimulated until I cannot rest anymore. I am a lady on a mission - that’s why I thank God for my education at BBS. Whenever I meet a non-believer God reminds of the work that He called me to do. Now, when I*

*communicate with a non-believer there are no arguments from them. God confirms His Word and they give their lives to Christ. When I see this happen I am refreshed because it is my heart’s desire. So BBS has helped prepare me to accomplish my work in this generation. I know that through BBS God will take me far- not only in my country but even to other countries for the sake of this gospel.*

*I can say, as I conclude, that I am not the same; I am a new creature filled with the Holy Spirit. My life has changed greatly because of BBS. God has met my needs through His servants in BBS. That tells me that God had a purpose for my life before I was made in mother’s womb. He knew me when I was nobody, taught me the secrets of the kingdom of God and made me somebody with authority in heaven and on earth.*

*God bless you as you read this. Amen.*

## Is the Lord leading you to go and give yourself to ministry on a mission trip?

If He is and you obey, you will be transformed, challenged and blessed even as you are a blessing to the people there. You will see God move, save people and confirm His Word in amazing, miraculous and loving ways.

I will host a two-week mission trip to BBS. We will depart October 25<sup>th</sup> and return home November 7<sup>th</sup>. Please contact me if you want to be part of this work trip adventure. It is limited to eight people.
