“The Harvester” August, 2006

We recently held our first homecoming meeting for graduates of Bungoma Bible School (BBS) since it was begun 18 years ago. Since then over one thousand six hundred (1600) students have graduated. A great many of the graduates have continued in the ministry. Students enjoy intimate fellowship in the Lord with other believers while attending BBS like this latest graduating class.

The large assembly you see below includes three hundred fifteen (315) ministers and church workers. One hundred fifteen (115) of those ministers were pastors.

It was a time of all the students who have gone through the Bible School to come back for edification, refreshment and encouragement.

The Lord ministered to many and confirmed His Word.

Many who came to the meeting testified that we should do this every year in the future because this was such a great time of encouragement and strengthening. They said they don't have a source of fellowship where they live.

We were blessed to have Pastor Joel Sims from MS and the team who blessed us so much; they had a Word in season.
