

NEKESA - "The Harvester" November, 2007

We thank each of you who have supported us with your love, prayers and gifts. The Lord has been able to bring the good news to many, to prepare many for the work of the ministry, to care for orphans, to care for street boys and to accomplish many other good things here. All that we have and do we have received as a gift from Him and we give Him all the glory and credit. It is His work and we are His servants.

May the Loving Presence of the Lord saturate you today and every day.
May this remembrance and celebration of His birth be a blessed time this year
And
May 2008 be your most profitable year in the Lord ever!
