## Lameck Omboka's Personal Testimony

First, I thank the Lord for bringing and enabling me to be in Bungoma Bible School (BBS). BBS is a place of impartation and transformation. I boldly say that

many of us have been touched and transformed.

I remember when I first came to BBS and Pastor Justus taught and preached about the Holy Spirit (HS). When he called for all who wanted to be filled with the HS, I hastened forward, prayed to God, waited and was filled. It was like the upper room in the book of Acts. My life has been changed ever since. I have learned to listen and hear the voice of God and have received prophecies concerning my life and ministry. The Lord is teaching me what ministry (serving Him) is all about. He has and is revealing to me the gifts and talents He has put in me and He has given me areas to use them to bless others.

I have also acquired knowledge and skills through different lessons in class. Through them the Lord has enabled me to be bold and enlightened. I expect the Lord to do much more for me in the time left while I am in this place.

In Bungoma Bible School, God has proved to be faithful and my provider. I have at times passed through lack but after that I have seen the provision of the Lord. Blessed be the Lord both now and forever.

---

## Teresia Kabit's personal testimony

Praise and thanks be to God for what he has done for me since the time I joined BBS. I had heard about Bungoma Bible School and what God can do to His people but now I have seen with my own eyes.

I was spiritually blind but now I see. I was not flowing in speaking in tongues but now I can pray in tongues for many hours. God is using my prayer times to make great changes in me. He is equipping me to go to the nations as His servant to bring changes to many nations and peoples.

I was ignorant about the Word of the Lord before joining Bungoma Bible School but now I am informed. The knowledge and revelations I get from my teachers daily have helped me to learn many things concerning the kingdom of God.

God has taught me that the more I praise and worship Him the more He draws me close to Him and the more of His anointing I receive. God has revealed new songs to me through worship.

BBS enabled me, through God's hand, to be involved in the hospital ministry. I have laid my hands and prayed for the sick and demon possessed. They have received their healing or been freed of demons; many have accepted Jesus Christ as their savior. God was able to heal and deliver I was taught by the teachers in BBS about the believer's authority and how to put it into practice. We also learned in BBS to have hope for our future because we know and believe the promises of God. I believe God brought me here to prepare me so that He can use me to bring souls to Christ and so that He can work miracles and wonders in their lives.

Proverbs 18:16 says, "A man's gift maketh room for him and bringeth him before great men". I believe that God will open my ways so He can use me to bless many.
