EDWIN OMONDI

I like the Bible School Children's Home very much. I like the food and we eat three times a day! I have clothes and a uniform and shoes to wear to school. When I came here I was in the nursery but now I am in class 3.

This home is good. I am happy and thankful that they received me. I love to play football (soccer) and to pray.

ROY JUMA

When my father died there was no one to care for me. Since I was brought to this home, I am very happy. I eat three times a day: breakfast, lunch and supper. I go to school daily and have a school uniform and shoes. I am now in class four.

I am happy too because I play football, and we all pray together before going to bed. We go to church every Sunday in a van. Thank you so much for helping me. My hobbies are reading and football.

NELSON WAFULA

I eat good food three times a day. I go to school everyday and have a school uniform and shoes. Before I came here I didn't eat like I do now or go to school.

I play with my friends well. When I am sick they take me to the hospital. I am happy to be in this home. Thank you for helping me. My hobbies are playing football and reading.

These boys are giving thanks with a grateful heart. This part of the ministry that serves orphans is equipping them for a life of joy serving Jesus. Thank you.
